El Acomodo - Es Rustico

Limited camping, with around 20 sites at the SSAA Mildura Range. Return to the wild west with self sufficiency being the key. Showers and toilets available. No power. Unless a prior arrangement is made it will be first come first served!

There is space for daily parking of cars and donkeys; however, emergency cart access will be given priority.

Please consider other camping or hacienda alternatives to avoid disappointment. If you feel you need to be given priority camping at the range due to disability or personal reasons ~ contact El Patron at:
